AFS Students Speak

Woman's Club Told Of Europe

Three local high school students, who spent last summer in Europe making their homes with families in each country, under the American Field Service program, delighted the members of the Torrance Woman's club with their intimate reports on their experiences at the club meeting last Wednesday.

The speakers were Mary Smiley of Torrance High school, Michael Robbins of South High and Gerald Duncan of North High. They were presented by Mrs. John Melville, member of the local chapter of the American Field Service.

Mary Smiley lived with a family in Austria. She described their customs, food, schools and living habits. Mary said that although the schools were supposed to be coeducational, the boys were on one floor and the girls were on another. Their classes were also definitely separated. She said that discipline was more strenuous in Austrian schools and as each student was addressed by the teacher, he stood.

No screens were on the windows in the houses and the student said that she saw only one power mower in the town where she stayed.

She did, however, improve her German while there, and gained nine pounds on the Austrian food.

Michael Robbins spent his summer in Finland where his foster father was a doctor and his foster mother a dentist. This was an eighteen room home and had two maids. To reach his Finland home, Michael traveled on four trains and three ferry boats. He pointed out that Finland was beautiful with its lakes and trees and that when the people found out that he was from near Hollywood they had all kinds of questions about the movie stars.

He had difficulty with the language, but he did teach the

thing moving on the screen. In the morning when I DO try to raise him he lies there like a dead man and I can't budge him. What can I do? — RIP'S WIFE

Dear Mrs. Rip: Your husband's metabolism may be such that he is frisky at night but in the morning his caboose is dragging.

Since he changes jobs so frequently I suggest that the next switch be on a 3:00 p.m. to 11 p.m. shift, or even from midnight till 8 a.m. Then he could sleep late in the morning and his best energies would be used at work, which is as it should be.

Confidential to THE BISON: Your friend loses. You win. There is no such thing as "Negro blood". The four types of blood are found in both Negroes and Caucasians. When chemically analyzed blood of all races is the same.

Are you going steady? Making marriage plans? If so, send for ANN LANDERS' booklet, "Before You Marry — Is It Love Or Sex?", enclosing with your request 20c in coin and a large, self-addressed, stamped envelope.

(Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.)

Radiologist Addresses Auxiliary

Dr. Richard McClure, Redondo Beach, was an interesting speaker at the October meeting of the Little Company of Mary Hospital Auxiliary. His discussion of techniques and advances in the field of radiology, which department he will head at the Little Company of Mary Hospital nearing completion in Torrance, included the detection and treatment of cancer. Injecting bits of humor in such serious subject matter, Dr. McClure described a hospital gown as the "most unfashionable chemise" and warned his listeners that in spite of the tremendous technical advances, the x-ray table is still as uncomfortable as ever.

"The quality of x-ray films can sometimes mean the difference between life and death," Dr. McClure said in telling of the fine new equipment being installed, within lead walls, at the new hospital. The speaker was introduced by Mrs. Harrison A. Storms, Jr., program chairman.

Mrs. T. F. McNeil, chairman of the fund drive for equipment and furnishings being made in previously uncovered areas, introduced her co-chairmen from the several communities, during the business meeting conducted by the president, Mrs. Frank H. Forester.

Preliminary plans for the Auxiliary's part in the hospital dedication on Dec. 12 were announced. Volunteers will have their first chance to work in the hospital as "clean-up crews" after November 15, in preparation for the dedication.

Refreshments were served by a group of Torrance women from Nativity Catholic church, under chairmanship of Mrs. Don Cowden.
